ChrisTeen is a comprehensive youth ministry program seeking to engage the spiritual, educational, emotional and physical growth of our teens. Our vision is to create an environment that encourage All youth to grow and develop their faith and relationship with God, the community and self.

We begin with hospitality and then have large and small group opportunities to learn about our Catholic faith. Teens are encouraged to participate in service, mission trips, retreats, community building with each other and families and leadership development. We are the young Church and want to know, celebrate and live our faith!
